VEGETABLE PLANTS

(Non-Warranty)

I wish it to be distinctly understood that while I take every precaution to have all plants true to name, we give no warranty, expressed or implied, as to description, quality, productiveness or any other matter, of any of the plants I send out, and will not in any way be responsible for the crop. Every order I receive will be executed on these conditions only, and they must be accepted by the customer when ordering goods.

We make low prices, guarantee full count and render the best possible service in every way. All claims must be made immediately upon receipt of goods; later claims will not be considered. When loss occurs through our fault we will take pleasure in correcting it, but we cannot be held responsible for damages occurring in transit.

J. C. SCHMIDT, Bristol, Pa.

ONION PLANTS

You can grow more Onions per acre from Plants than from Sets; your onions will keep better. They transplant easily. Plant the same distance as sets, and you will have a good crop.

YELLOW PRIZE TAKER
